

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE REQUEST OF EAST LAUREL WATER)	
DISTRICT FOR A DEVIATION FROM 807)	
KAR 5:066, SECTION 16(2) REGARDING)	CASE NO. 10088
TESTING NEW METERS)	

O R D E R

By letter received November 17, 1987, East Laurel Water District ("East Laurel") requested a deviation from 807 KAR 5:066, Section 16(2). Said request proposed that East Laurel be relieved of the requirement for testing new meters before placing them in service. East Laurel stated that the time required for such testing was an undue burden that was taking time away from other phases of its meter testing program.

The Commission, after a determination that additional information was needed for an adequate and proper consideration of East Laurel's requested deviation, entered an Order on January 18, 1988, requesting that certain information be filed by February 12, 1988.

On February 10, 1988, a letter was received from James D. Sensabaugh, Superintendent of East Laurel requesting withdrawal of the proposed deviation.

FINDINGS AND ORDERS

The Commission, after consideration of the record in this matter, and being advised, is of the opinion and finds that:

1. East Laurel's motion for withdrawal should be approved.
2. In its motion for withdrawal, East Laurel did not properly address its obligation to comply with the meter testing requirements of 807 KAR 5:066, Section 16(2) and no plan of action for reaching compliance was filed therewith.

IT IS THEREFORE ORDERED that:

1. East Laurel's motion for withdrawal of its request for a deviation from the meter testing requirements of 807 KAR 5:066, Section 16(2) be granted.
2. A plan of action for reaching compliance with 807 KAR 5:066, Section 16(2) be accomplished by East Laurel and filed within 30 days of the date of this Order.

Done at Frankfort, Kentucky, this 29th day of February, 1988.
